Education in the United States - Wikipedia

Tue, 18 Sep 2018 03:45:00 GMT *Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for K–12 public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...*

Fertility Rate - Our World in Data

Wed, 19 Sep 2018 17:12:00 GMT *Macro studies: Where women are better educated they tend to have fewer children. The correlation above is in line with what we should expect based on Becker's theory, but it is still a correlation only and far from conclusive evidence that there is a causal link between education and the number of children that women have.*

Council of Europe Language Policy Portal - coe.int
