Fri, 21 Sep 2018 01:47:00 GMT History. Locus of control is the framework of Rotter's (1954) social-learning theory of personality. In 1966 he published an article in Psychological Monographs which summarized over a decade of research (by Rotter and his students), much of it previously unpublished. In 1976, Herbert M. Lefcourt defined the perceived locus of control: "...a generalised expectancy for internal as opposed to ... International relations theory - Wikipedia
Sat, 15 Sep 2018 11:55:00 GMT International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent ...

Theory Talks

Fri, 21 Sep 2018 05:36:00 GMT The second element, around which publications abound (see notably Mary Kaldor's work,
Theory Talk #30), is the deep mutation of the nature of conflict. War used to be, in the Westphalian model, a matter of
competition between powers.

Glossary of research economics - econterms

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and
Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of
hazard rates, and the transformation identified this.
