Most recent additions 5/21/18. After years of buying/selling/trading aviation material I decided I should capture some of it for posterity and to share with others.

Big-bang firing order - Wikipedia

Wed, 19 Sep 2018 20:18:00 GMT A big bang engine is an unconventional motorcycle engine designed so that most of the power strokes occur simultaneously or in close succession. This is achieved by changing the ignition timing, changing or re-timing the camshaft, and sometimes in combination with a change in crankpin angle. The goal is to change the power delivery characteristics of the engine.
